Objective

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately. How can I help to my fellow mates in success and try my best make the department grow and I would be a nessary asset for the organisation by my skills and talent

Education

- **Gandhi Institute of Engineering and Technology University Gunupur** 2024-2028
  BTech
  8.55
- **Jawahar Navodaya Vidyalay Paikmal** 2022-2024
  Intermediate
  80.5
- **Jawahar Navodaya Vidyalay Paikmal** 2021-22
  Matriculation
  85.6

Skills

- C language
- Data Structure and Algorithms
- Java language
- DBMS using Oricale
- Electrical equipment handling (Cutter set, Welding machine,etc)

Projects

- **Showing Real time inductance using Arduino**
  It shows the inductance of instruments which are having inducor by the help of wave signal, time constant of inductor (charging and discharging time) calculation using Arduino module

NPTEL

- Introduction to IOT: using modern technology and different sensor for modification of home to industry and connecting with internet.(2025)
- EV- Vechile Dynamic and Electric Motor Drive
  This helps to know about the EVs motor ,how the shape can be important for its dynamic. This course focus areas one by one such power electronics,PWM, different types of controllor etc.

Internship

- BUILDING CHATBOT FOR CUSTOMER SUPPORT USING TEXT ANALYSIS ,IIT KHARAGPUR , WESTBENGAL (FROM 1ST JUNE TO 30TH JUNE)
  To gain practical experience in building a conventional AI model for coustomer support using text analysis.
  I have hands on experience on use of the tools: ROBO Flow,Colab.
